Summary

I am a hardworking and ambitious individual with a great passion for solving problems using innovative technologies, a web developer for now, and an aspiring dev ops engineer.

Currently studying Computer Systems Analysis and taking the Associate Cloud Engineer course at Google.

My GitHub: <https://github.com/hs-wolf>

Languages

English, Portuguese, Spanish, Japanese

Experience

Vizo - Full Stack Developer

03/2022 - Present

I am currently working as a full-stack web developer, making small to medium-sized applications for international clients.

Example of one of the latest projects live: <https://dev.booktone.co.il/>

Disbots - Lead Developer

01/2021 - 12/2022

Was the lead developer responsible for the development of Discord™ bots using the proprietary Discord™ API and NodeJS.

Freelance - Web Developer

01/2012 - 12/2013

Did landing pages for local businesses in my neighborhood using pure HTML, CSS, and JS.

Skills

Linux, Git, GitHub, Google Cloud Platform, Visual Studio, Visual Studio Code, JavaScript, TypeScript, C#, HTML5, CSS3, MongoDB, Firebase, SQL, Node.js, Vue3, Nuxt3, Svelte, Sveltekit, ASP.NET, Slack, Monday, Clockify, Microsoft Office, Google Suite, Unity, Blender, Time Management, Teamwork

Education

Computer Systems Analysis Bachelor

FATEC São Paulo

12/2024

Attending my first year. Apart from coding and developing systems, analyzing and improving existing ones is a very interesting area for me.

Mechatronics Technologist

Centro Paula Souza

12/2016

A 3 years technologist course integrated with 3-year high school.

Web Design Course

SESC SENAI

12/2012

A 200-hour Web Design course that included up-to-date concepts and workflows.
